

GEN7 SERIAL CONNECT HUBS

The Gen7 infrastructure is unparalleled. The innovative, intelligent bus communication system offers flexibility that has never been seen before.

Timer Connect

Start Connect

Scoreboard Connect

Bulkhead Connect

Connect Hub Cover

Key Features:

- Virtually maintenance free
- Uniquely keyed and color coded to ensure that each component is in the proper place
- Titanium pins resist corrosion and significantly reduce the amount of time spent on maintenance
- Wet pluggable connector system purges water from connector surface to insure a watertight positive connection
- Intelligent self-diagnostic capabilities to detect anomalies with connectors
- Intelligent connection detection of presence or absence of connection
- Fits into a 4" x 4" x 6" PVC junction box
- Conduit interconnects between timing system boxes (deckplates and wallplates) are 1.5" PVC
