

INFINITY START SYSTEM

An excellent entry-level start system, and a great choice for smaller pools and recreation centers.

Key Features:

Economical and easy to use

Easy portability

Strobe and speaker are built into the lightweight unit for easy portability with the molded handle

Strobe and horn

Provides swimmers with a fair and audible horn start, and the highly visible strobe light automatically flashes as the horn sounds; providing fair starts to athletes that are deaf or hard of hearing

False start recall feature

The microphone has a false start recall feature that enables the starter to signal a false start and immediately alert the competitors

INFINITY START SYSTEM

Specification:

The Infinity Start System consists of a start module with handle for easy portability, 40-watt corrosion resistant speaker, wired microphone with two start buttons (L/R), internal gel-cell batter, and 115V charging capability (240V available).

Mounting: tripod attachment is standard

Speaker: internal moisture- and corrosion-resistant 40-watt reflex speaker is used.

Strobe light: bright, eye-catching strobe light automatically flashes simultaneously as horn sounds.

Battery power: reliable internal gel-cell battery with built-in charging indicators and charger. For safety purposes, the unit will not operate while charging.

Warranty: two-year limited warranty

| Description | Part Number | Weight | Dimensions (H x W x D) |
|---------------------------------|-------------|----------------|---|
| Infinity Start System, 110/120V | INF-SSM | 12 lbs (5.4kg) | 8.9" x 15" x 5.9" (22.6cm x 38.1cm x 17.5cm) |
| Infinity Start System, 220/240V | INF-SSMF | 12 lbs (5.4kg) | 8.9" x 15" x 5.9" (22.6cm x 38.1cm x 17.5cm) |
