

# VISUAL START SIGNALING (VSS)

## Revolutionize swimming starts with the Visual Start Signaling System (VSS).

The VSS system is integrated in the Championship Elite Start System and External Visual Indicators. It provides a clear visual start sequence for all athletes by utilizing multi-color LEDs to signal the different segments of the start sequence and using a simple and intuitive pendant.

### Key Features:

- Provides a visual start sequence for a race, including stand ups.
- Easy control by a referee and starter.
- Works in conjunction with traditional hand signals and whistles.
- Automatically resets after the starter official starts the race.

### Function:

- Call to block: EVIs blink red
- Step up/Swimmers to enter water: EVIs are steady red
- Backstroke swimmers enter water: EVIs are off
- Backstroke start position: EVIs are steady red
- Take your marks: EVIs are yellow
- Start: EVIs flash green
