

## **Mounting Instructions: Attaching RJPLD-SL-2012 relay judging platforms On Steel Line track start blocks**

1. Hook RJPLD over front edge of starting block and slide into place. Make sure the front lip is tight. Secure with the supplied two washers (R-011-152) and two screws as specified by the block manufacturer in the mounting nuts in the back of the block.
2. If the front edge will wiggle up and down under forces such as when a swimmer starts from it, secure with the two supplied 8-32 x 1.125 screws (R-011-155).
